# Edison Electric Decorative Lighting Outfits

## MINIATURE LAMPS

### Charming Effects

**For Xmas Trees, Dinner Tables, Conservatories, Parlors and Halls**

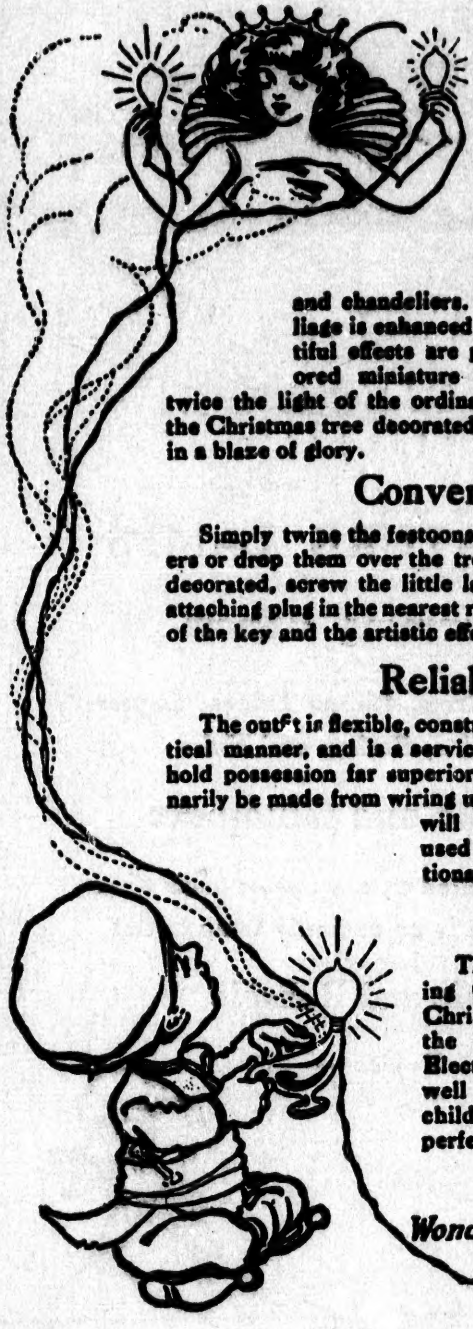
### Simple and Complete

**Can be installed by any one at once wherever there is an ordinary lamp outlet**

### Safe and Reliable

**A Practical Device—**
**Not a Toy**

*Opens up Fairyland*



## Attractiveness

Nothing adds greater charm to the decorations of a room than the gem-like gleams of tiny electric lights from the flowers on the dinner table or from the walls, columns, balustrades and chandeliers. The beauty of natural foliage is enhanced and most dainty and beautiful effects are produced by the many-colored miniature lamps. Each lamp gives twice the light of the ordinary Christmas candle, and the Christmas tree decorated by an Edison outfit shines in a blaze of glory.

## Convenience

Simply twine the festoons among the vines and flowers or drop them over the trees and other objects to be decorated, screw the little lamps in place and put the attaching plug in the nearest regular lamp socket. A turn of the key and the artistic effect is complete.

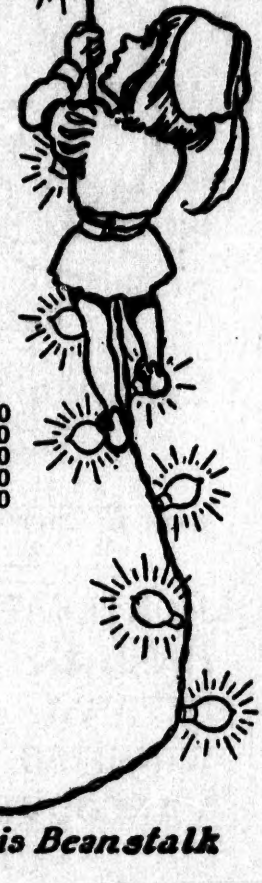
## Reliability

The outfit is flexible, constructed in a thoroughly practical manner, and is a serviceable and valuable household possession far superior to anything that can ordinarily be made from wiring up loose sockets. An outfit will last for years and can be used repeatedly without additional expense.

## Safety

The Edison Miniature Lighting Outfits are approved for Christmas tree illumination by the Underwriters' National Electric Association. They are well insulated and even the children may handle them with perfect safety.

*Wonderful as Aladdin's Lamp*



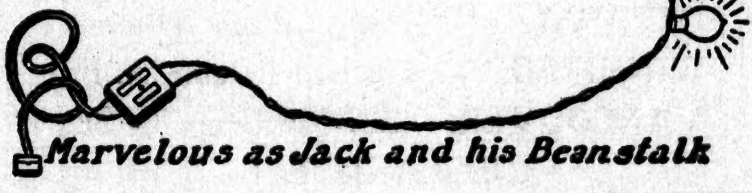
# THE OUTFIT COMPLETE

**PACKED IN A NEATLY ORNAMENTED WOODEN BOX**

**State voltage of circuit when ordering. Supplied in sets of eight lamps or multiples of eight. The twenty-four light outfit is the standard size.**

| Outfit | Lamps | List Price |
|---|---|---|
| No. 1 | 8 | $6.00 |
| No. 2 | 16 | 9.00 |
| No. 3 | 24 | 12.50 |
| No. 4 | 32 | 17.00 |
| Extra Festoons (8 lights) | | 5.00 |

**The Extra Festoons (ready for connection) consist of eight sockets, with extra lamps, for increasing the size of the outfits. The junction plug is constructed so that the Extra Festoons can be connected.**



***Marvelous as Jack and his Beanstalk***

*Delights the Children*
